Hi David,

I don't have any helpful information at this time but I'll work with Cadmus to address the issue as soon as possible.

Thanks,
Molly

Subject: Error While trying to Submit Information to EPA

Hi again David and Molly,

We have uploaded our files to the GS Data Tool for our Mendota Pre-Construction Permit Application. Within the Data Tool I have validated that all fields are complete and ready for submission. However, when I hit the "Submit Information to EPA" I receive an error message (below and attached):

"Project Phase Validation"

"Invalid project phase specified: Phase1Pre-Construction
Submission cannot be completed."

EPA Class VI UIC Project Plan Submissions

Welcome Testing and Monitoring Injection Well Plugging PISC and Site Closure Emergency and Remedial Response Complete Submission

Use this tab to complete your submission and send the information to EPA.

You will need to complete all of the other tabs before the submission is accepted. Click "Validate Required Fields" to check if any fields have been left blank.

[Validate Required Fields](#)

Please select your name from the list below.

To make a submission, you must have completed an EPA Electronic Signature Agreement (ESA). If you have not done this, you are not authorized to make submissions. Please contact EPA if you need to gain authorization to make submissions, or if you have already signed an ESA but your name does not appear below.

Authorized submission made by:

- ☒ Rebecca Hollis

Comments regarding this submission (optional):

By clicking "Submit Information to EPA" I certify under penalty of law that this submission is true and accurate to the best of my knowledge and belief. I am aware that there are consequences for knowingly or recklessly providing false or misleading information.

Invalid project phase specified: Phase1Pre-Construction

Submission cannot be completed.

OK

Version in use: 1.0.0

For confirmation a read-only copy of your submission will be emailed to: rhollis@cleanenergysystems.com

If you have any questions, please contact your permitting authority.

[Submit Information to EPA](#)

Unfortunately this same error is occurring across all the modules we are attempting to submit, e.g. Project Information and Tracking, AOR and CA, Project Plan Submission, etc.

I checked the site's Dashboard or Operating Landing Page and could not find a way to modify the project phase specified: Phase1Pre-Construction. Have you seen this error before or know how I may correct this?

Any advice you could offer would be most appreciated. Please feel free to call to discuss if that is easier.

Thank you again,
-Rebecca
